

Montana Weed Control Association  
Scholarship Application  
*Established to provide opportunities for continued higher education*

Eligibility:

A total of \$3,000 (three \$1,000 scholarships) will be awarded to students in pursuit of a post-secondary education. Scholarships will be limited to students pursuing a degree (B.S., M.S., PhD) in **natural resource management** (i.e. range ecology and management, land rehabilitation, land resources sciences, crop science, weed science, forest resource management, etc.) at an accredited four-year Montana university. Applicants must be a Montana resident, a full-time student, and must have completed at least one full year of post-secondary education in their degree field. Students receiving a scholarship may reapply in subsequent years. Preference will be given to students that demonstrate financial need and dedication to their educational pursuits (i.e. internships, special projects, GPA). Montana Weed Control Association members or immediate family member of a MWCA member will be given preference. Deadline for applications is July 1, 2008.
